

May, 20, 2007

Dear Friends,

Thank you for sponsoring me and the [Good Shepherd Team](#) in the MS Walk this year! I am so grateful for your support; support which this year carried me and my service dog partner Sophia (aka "Underdog") well over our fundraising goal of \$1000.00.

Your contribution will make an important difference to families confronting the daily challenges of multiple sclerosis (MS). Because of your help, each step Sophia and my family took in this year's MS Walk was more powerful than we expected and is helping to bring us closer to the CURE.

I and my family were deeply touched by the numbers of people who responded to our cause. So many family, friends, and new friends joined us in our walk to make a difference. We are blessed each year, with increasing levels of energy, enthusiasm, and compassion which foster renewed hope. Hope is our greatest gift.

Thank you again for caring so much to support the fight against MS in 2007.

God Bless You & Yours.
